## Our Tramp Around the City!

I need your soap for my  
face and have not used any  
other since.

MIKE BROPHY, who murdered Tom Corbett in Louisville, goes up for life.

W. W. SNODGRASS'S sons, leather dealers, failed at Cincinnati with assets of about \$18,000 and liabilities \$28,000.

THE Postmaster at Cincinnati has called upon the Chief of Police to disperse the crowd of loafers that infest the sidewalk around the Postoffice. The Postmaster at Maysville may be forced to do likewise—unless the loafers take a hint.

THE Maysville man generally gets there—except when he starts out to go—shared in Washington City after 5 o'clock in the evening. All the shops close up at that hour, and the barbers devote the balance of the evening to conversation.

INVITATIONS are out for the marriage of Miss Judith White Stevenson, daughter of ex-Governor John W. Stevenson, to John Flack Winslow of Cincinnati. The event takes place Thursday evening, June 3d, at 6 o'clock p. m., at the residence of the bride at Covington.

THE outfit of the late Maysville Commercial will be sold Saturday, June 4th, at 2 p. m., by Master Commissioner Cole, under a judgment of the Circuit Court. Here's a chance for some fellow who has more money than he has knowledge of the newspaper business.

THE Governor has approved the resolution for the benefit of Mrs. Mary B. Young, widow of the late Superior Court Judge Van B. Young, and the widow is now entitled to draw upon the Treasurer for the amount her husband would have received had he lived to fill out his entire term.

THE Senate has passed a "compromise" judicial redistricting bill, which makes over the Eighteenth District, composed of Mason, Bracken, Lewis, Greenup and Fleming counties. It is believed this will be agreeable to the House, and that it will pass that body and become a law.

THE jury in the case of Hallam & Myers against the City of Covington was finished Saturday in the Circuit Court at Covington and the jury, after being out all the afternoon, disagreed. The suit was for \$1,000 for legal services. Hallam & Myers got a verdict for \$800 at a former term of Court but did not think that enough.

### STRANGE THINGS THAT HAPPEN.

A Coffin Found Floating in a Creek in Montgomery County.

Some men walking along the bank of a creek on Henry Hall's farm, near Grassy Lick, discovered an object sticking out of the mud which bore a slight resemblance to the end of a coffin.

They succeeded in uncovering the object, which proved to be a metallic coffin in a good state of preservation, and which, when opened, was found to contain a few bones, some dust and a few specks of clothing. The men reported their find and the matter will be investigated.

Whether the coffin had been buried where found or was washed down from some country graveyard by the high waters, is a matter of conjecture.

ARGENTA is to have a new Baptist Church.

GEORGETOWN has 405 more negroes than whites.

JOHN JONES, a prisoner in the Louisville Jail, died of brain fever.

ALONZO GRAY, aged 13, fell from a tree near Princeton and was fatally injured.

WILEY PATENT R. of Winchester was struck by lightning. He will recover.

THERE are thirty-seven book-makers doing business at the Latonia race course.

LEXINGTON is considering the matter of the purchase of the Water-works by the city.

THE Henderson Reporter has been sold. The name will be changed to THE Republican Banner.

F. G. CHASE has entered his yearling Storm Boy, by Blacksmith, in the two-year-old race, \$25,000 stakes, to be run at Lexington next year.

W. C. PENNITT, formerly of THE Republican of this city, is now a clerk in Captain Joseph A. Sparg's Division of the Treasury at Washington.

Those who attend the Encampment of the G. A. R. at Washington City in September will have to pay \$1.25 each for tent. This covers the entire time they remain. It is proper that those who intend to go should at once pay this sum to the Treasurer, Colonel John Day, so there will be no delay or annoyance on the eve of departure.

KID DUGAN, who killed pugilist Louis Bezard in May Riley's house of ill-fame in a quarrel about her in Cincinnati, has married her in Pittsburgh. After being confined in jail for nearly a year he was released and joined the Riley woman in Pittsburgh. The marriage disposes of the only eye-witness against him if the case ever comes to trial.

### THE SENATORIAL ELECTION.

Garrett S. Wall the Successful Candidate—Hillis Carries Lewis County.

The Senatorial election on Saturday aroused but little enthusiasm on either side. Judge Wall, with the assistance of many Republicans, had something of a walk-over in Maysville. It is an absolute fact that at least one fourth of the votes received in this city by Wall were cast by Republicans. The Democrats did not seem to take much interest in the contest. The only electioneering to be seen was some members of the Republican party working earnestly and heroically for the Democratic nominee.

Mr. Hillis's name was not on the poll-books in some of the precincts until an hour after they were opened. Many causes operated to the success of the Democratic candidate, the lateness of the hour at which Hillis came out, the trouble experienced in making his candidacy known in outlying precincts and the lack of proper organization, but to the adverse Republican vote itself, more than to any other cause, can the disastrous defeat of Mr. Hillis in Mason county be attributed.

The vote was exceedingly light throughout the county. In no precinct was anything like the entire vote brought out.

The Farmers' Alliance candidate received a very light vote.

The following is the vote in this county:

Precincts.	Garrett S. Wall, D.	Sam'l C. Hillis, R.	Wm. Lawrence, F.A.
Maysville No. 1	385	151	1
Maysville No. 2	200	100	1
Dover	70	40	1
Georgetown	100	50	1
Sardinia	100	50	1
Lewistown	100	50	1
Quincyburg	100	50	1
Washington	100	50	1
Waverly	100	50	1
Fern Hill	100	50	1
Helena	100	50	1
Total	1,535	839	11
Majority	696		

The latest information from Lewis county gives Hillis a majority of about 300. This would give Wall a majority in the District of 340.

The Centennial celebration of the admission of Kentucky into the Union will begin in Maysville on the 6th of June.

The bill to increase the tax rate five cents on \$100 was made a special order in the House at Frankfort for tomorrow.

AT Owenton the jury in the case of Dr. J. L. Massey charged with the murder of Jesse Honaker, failed to agree, and was discharged. A special term has been called for July to try the case.

JOHN M. SPEED, who passed several bogus checks on the Newport and Cincinnati banks a few weeks ago, has now cashed his own checks. He went by the morphine route, starting from Mobile, Ala.

COL. JOHN B. CASTLEMAN has announced that he will retire from the Chairmanship of the Democratic State Central Committee on account of a lack of time to attend to the duties of that position.

IN the Montgomery Circuit Court Charles Turner, colored, who brutally outraged two little colored girls named West on the farm of Joshua Owings some months ago, was convicted and sentenced to the penitentiary for life.

A. L. DIETRICH, formerly of Carter county, and now a clerk in the War Department at Washington and Miss Minnie Leonard, daughter of one of the county's most influential citizens, were married at Grayson. They will spend a few weeks visiting in the South, and then will go to Washington to reside.

### OUR WEEKLY CROP BULLETIN.

Conditions of the Small Crops Throughout Kentucky Up to Saturday Last.

The past week has shown in a more intensified form a continuance of unfavorable weather conditions of the preceding one.

There was a considerable deficiency of temperature and sunshine and a large excess of rainfall. This excess was most marked in the Western and Southern counties of the state. All farm work has been seriously retarded by the wet weather, and crops were generally unfavorably affected by it.

The growth of wheat is becoming too rank, which fact, combined with high winds, has caused it to fall and has injured it somewhat.

Tobacco plants are as a rule very fine and some have already been set. It is feared, however, that they will be too large for setting before the ground can be prepared for the entire crop.

Early planted corn is up and doing well. The bottom lands are still too wet to be plowed, and as a consequence very little corn has been planted in such ground, and the season is now so far advanced that it is doubtful if it can be planted at all. This fact will probably reduce the acreage of this crop this year considerably. Meadows, pastures and gardens are in a generally good condition.

Warm sunshine is the greatest need of all crops at the present time.

### IT'S A WHOPPING BIG BURGOO.

That's What the Lexingtonians Promise to Their Visitors in June.

Our Joubert, whose name is inseparably connected with Burgo and other goodies, is preparing to feed thirty thousand Republicans, the same number of Democrats, and the entire membership of the Farmers' Alliance, if they will only visit Lexington June 1st to witness the ceremonies attending the presentation of the Coleridge Pennsylvania pictures to Kentucky.

It makes a newspaper man hungry to think of it. As the "greenbacker" claims that paper is money, some of them can read the following bill of fare and say that they have eaten a royal good dinner—instead of being promised one. Just as a paper dollar promises to pay a real dollar. Here is the program: 300 sheep, 100 hams, 100 shanks, 8 hocks, 15,000 loaves of bread, 30,000 gallons Burgo, 10 barrels of pickles, 50 dozen fat hens, 50 cases of tomatoes, 20 cases of corn, 50 barrels of potatoes, 5 barrels of onions, pepper and salt to season; 10,000 tin cups and 10,000 spoons have been ordered.

Fifty carvers will be required outside of the forty men who will prepare the meats and Burgo.

THEY CONTROLLED HIM SUCCESSFULLY.

A New and Effective Way to Subdue a Lunatic at the Airbrage System.

M. J. Gray was murdered in cold blood by two attendants at the Anchorage Insane Asylum.

The attendants were C. L. Buchanan and Frank Ellis.

Gray was taken to the asylum and soon after had a violent spell.

The two attendants could not control him, so they beat him to death. Two of his ribs were crushed in.

When Coroner Berry of Louisville learned of the case he ordered the men arrested, and will hold them responsible for Gray's death.

VANCEBURG will probably have a saw and pluming mill.

FOUR new bridges are to be built on the L. & N. between this city and Paris.

LEN PERKINS and John Dawson will leave tomorrow morning for Lewistown, to plaster a house for Tip Evans.

THE Henderson people are making a vigorous kick against adoption of the proposed new charter for cities of the third class.

### DOWN TO DEATH.

One Hundred and Twenty-Three Brazilian Sailors Sink.

The Warship Solimoes Strikes a Rock, Going at Full Speed.

And is Totally Wrecked, All But Four of Her Crew Included. The Victims Flashed Before the Sailors Were Able to Ascend to the Upper Deck.

LONDON, May 23.—A dispatch from Montevideo says that the Brazilian turret ship Solimoes was wrecked off Cape Santa Maria, near the mouth of the Rio de la Plata, while on route to Matto-Grosso, and that but five of the crew were saved, 120 men being drowned.

The Solimoes was one of the vessels sent by the Brazilian government with reinforcements to suppress the rising in the state of Matto-Grosso. Capt. Cochet was among the drowned. The flotilla had come on ahead of the Solimoes, and was up the river awaiting her arrival in order to proceed by way of the Paraguay river to the scene of the revolt. At the same time that the flotilla left Rio, a land force was sent by train to go to the end of the railroad route and then march into Matto-Grosso, where, after being joined by the troops from the flotilla, the land forces were to attack the capital of the state.

The crew of the ship numbered 137 men. As she was fitted out for active service, it is probable that she did not carry any small boats. Owing to the dangerous nature of the low and sandy Uruguay sea-coast, she had a pilot aboard. All the crew were ordered to the Potomito Island, near Point Negra, Castillo, she struck a rock violently, bow on. The sea was very rough at the time. All the crew were under hatches, except four sailors and the pilot. Two of the sailors acted as lookouts, the others were at the wheel.

Through the immense hole made in her hull the water rushed so fast and furious that the vessel sank almost immediately. Of all her crew only the four sailors who were on deck saved their lives. The pilot also escaped. One hundred and twenty-three lives were lost. The unfortunate men did not even get a chance to get ashore. They were drowned like rats in a hole. As the water poured in the victims seemed instantly to realize their danger, and many made a frantically unavailing effort to dash open the hatchways. Their cries were heartrending.

The Solimoes was a two-turreted monitor, built of steel in England, and launched in 1875. Her displacement was 3,700 tons.

### GRANITE MEN'S STRIKE.

Preparations Making to Have It Become Still More Extensive.

NEW YORK, May 23.—In all probability the strike will assume greater proportions Monday. Preparations which had in view were made Saturday by those in charge of the strike, who observed the situation and decided to take the new plan of action to be followed. One thing was revealed, however, and that is that it was decided to strike on Monday. The battle will be directed from the offices of the National Paving Cutters' and Granite Cutters' Union, where the principal offices of about twenty unions will have charge of everything connected with the strike.

CAN anyone telephone us what has become of the People's-Party-Farmer'-Alliance-Third-Party party that nominated a candidate for Senator in this good Thirty-first Senatorial District at Vaneburg on Friday last?

Inside of each foreleg, a dry, gray wart about the size of a silver dollar, apparently of no possible use. It is said that when the weary, overtaxed animal sweating at every pore and covered with foam, can reach down and rub with his wet nose this always dry, hard substance, he is instantly refreshed with an odor like geranium.

It is so easy to do all these things with her left! Her right hand was just about as useful as her left had been just before she was hurt. What is strange is that, with so recent a change in the use of her hands, she never makes an awkward motion, and is as graceful in the use of her left hand as if she had been born left-handed.

The right hand was again represented by told Thomas A. Davis, Jr., (ex W. H. Wadsworth, Jr., R. T. Hickman, M. K. Russell, George L. Cox and Allen J. Mumme each to be their act and deed, and on March 18, 1906, all seven were again represented to me and acknowledged by A. M. J. Cochran, who has since died, and Helgon for record, to which have been duly recorded in my office. Given under my hand this 14th day of May, 1907.

[Yes, we can answer. The Ledger has been sent heretofore, every day via Carlisle. The reason that The Bulletin reaches you daily is because it is not deposited in the Postoffice here in time to go to Carlisle on the day of publication. If you will look at the dates, you will find that every issue of The Bulletin is a day old when you get it, while one of The Ledger's reaches you the day it is printed. If you wish, you can have The Ledger on the day-old plan, too.—Editor.]

Graduated With High Honor. Among the large number of ladies and gentlemen who graduated at the Spencer Business College, Washington, D. C., last Monday evening, it would have been strange and not Kentucky been represented; and it would have been stranger still had she not been represented by one who would have reflected credit upon her while repeating honors for himself. It was her good fortune, therefore, to be represented on that occasion by Charles Allen Sparks, son of Captain Joseph A. Sparks, who is Chief of one of the Divisions of the Treasury. Mr. Sparks is from our neighboring county of Lewis, and his many friends will join T. F. Goodwin in congratulating him on his splendid success.

The fire alarm late yesterday afternoon was caused by a small blaze on the roof of the two-story double frame house on East Fourth street, owned by Squire Jacob Miller, and occupied by his sons Wm. and Charles Miller and their families. The fire was evidently caused by a spark from some of the neighboring chimneys, and was put out before the department arrived. The damage will not exceed \$50.

Captain Miller desires The Ledger to extend his sincere thanks to friends and neighbors who rendered such kindly assistance.

There is a wild-eyed report this morning that William Chisholm, formerly of this city, was killed yesterday at Birmingham, Ala. His parents have telegraphed for information, but no reply had been received when The Ledger went to press.
